## BENEFITS OF GEODIS OCEAN PRIORITY LOADING

### EQUIPMENT PRIORITY

Your container release will be treated with priority to avoid any unexpected events and to allow you to optimize your supply chain management.

### SPACE PRIORITY

The shipment is flagged and closely tracked to ensure your space on board stays available and allocated to you first via our innovative real time-information system called IRIS.

### MONEY-BACK GUARANTEE

We are committed to ensure that your critical shipments depart as booked. Should your shipment departure faces delay, we guarantee you a refund.

Contact your local sales representative for further info.
