GEODIS to host exclusive webinar on resilient pharma logistics with experts from Merck

GEODIS, a global leader in transport and logistics, is pleased to announce a free, **live webinar taking place on January 14 at 2 PM CET** titled "Delivering Trust: How warehouses anchor resilient Pharma Logistics".

The pharmaceutical industry is navigating an era of rapid innovation and increasingly complex supply chains. This exclusive online event, featuring experts from GEODIS and Merck, will explore the strategic role of warehouses in safeguarding product integrity, ensuring compliance, and driving excellence in cold chain logistics.

Topics for discussion will include:

- The evolving role of the warehouse in pharma supply chains
- Innovations in cold chain visibility and real-time monitoring
- Smart sensors, sustainable packaging, and traceability solutions

This is an essential event for pharma logistics leaders, supply chain managers and compliance professionals eager to stay ahead in an ever-changing market.
